WHAT IS A DIGITAL PUBLIC GOOD?

A **digital public good** (DPG) is an open source resource that adheres to privacy and data protection standards, does no harm and meets United Nations sustainable development goals.

WHAT ARE SUSTAINABLE DEVELOPMENT GOALS (SDG)?

Created by the UN, these 17 goals are part of a **shared blueprint for peace and prosperity** for all people and the planet.

WHY IT MATTERS

TYPO3 is **committed to upholding the principles of open source**, including digital sovereignty, community-led growth and transparent governance. Being listed as a DPG is a reflection of that commitment and a recognition of the high standards we hold ourselves to.

For more information, visit digitalpublicgoods.net/r/typo3 and read our press release on the topic.
