COMPREHENSIVE CONTENT MANAGEMENT

The Headquarters of Content

TYPO3

TYPO3

THE CONTENT HUB WHERE YOU HAVE THE BASE TO COLLECT, EDIT, AND PUBLISH ANY TYPE OF CONTENT

Save hours locating content

Do you keep **forgetting the point of usage** of the same content element?
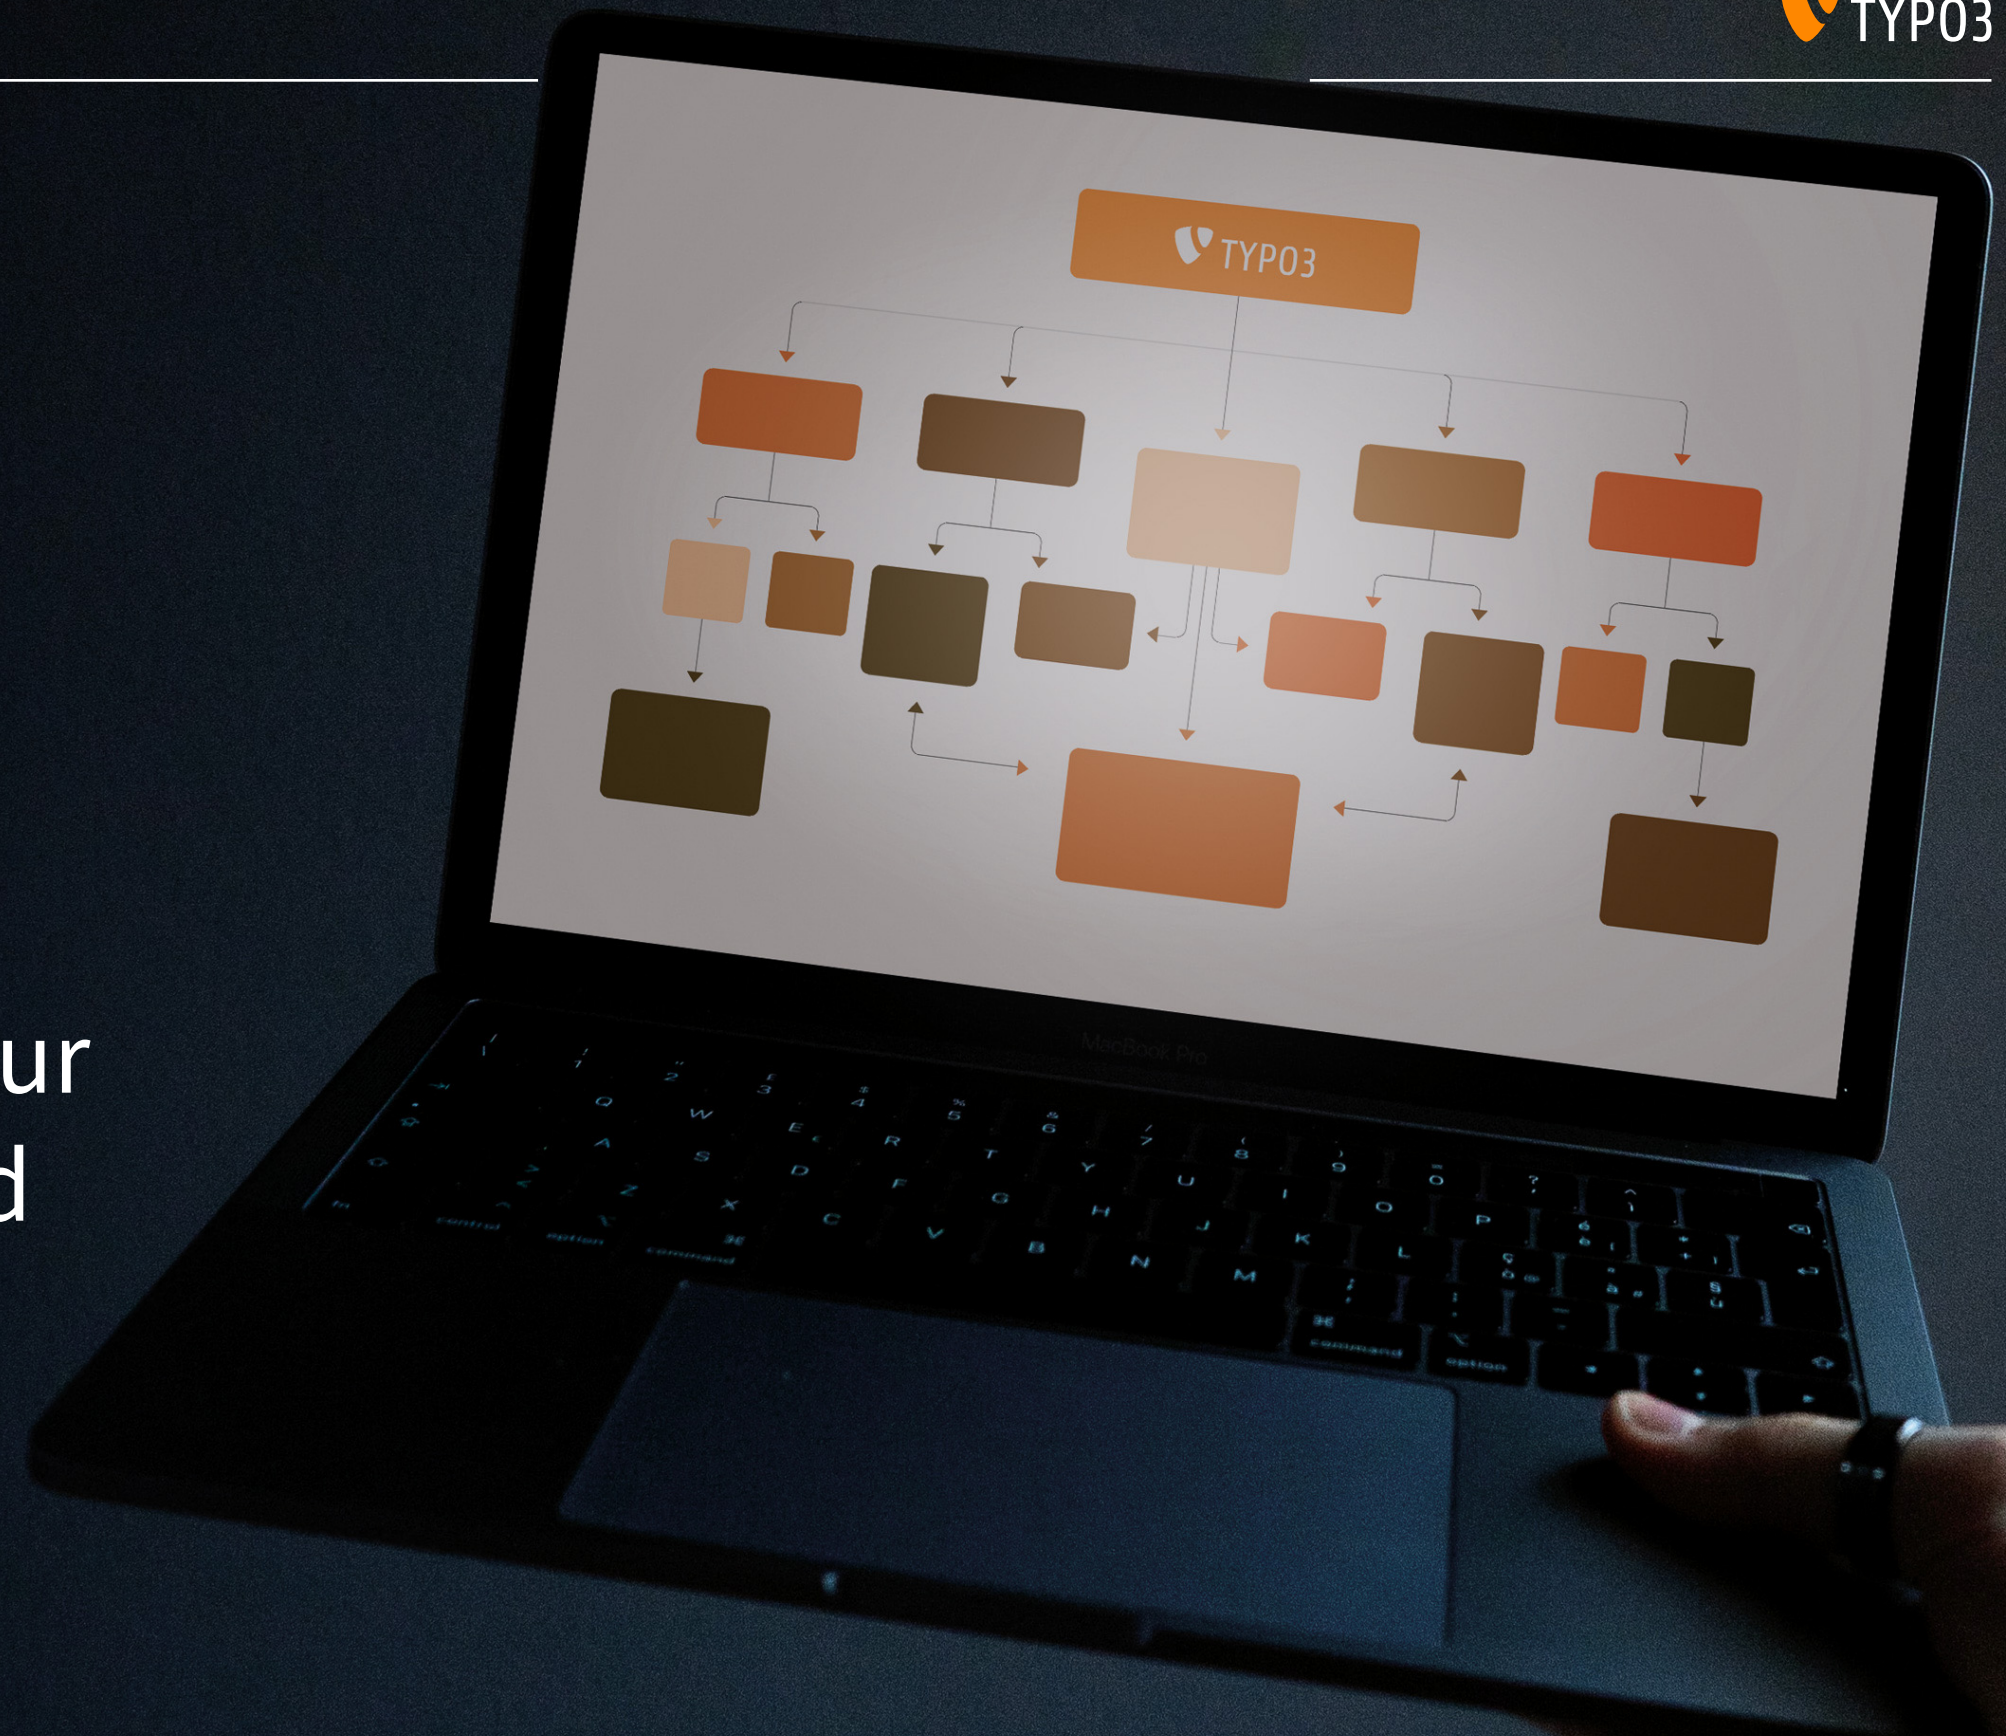

- TYPO3 **manages references** and files in a **single place**.

Everything in one place

Do you lack control **of your digital** ecosystem?

- **Complete overview** of your entire digital presence and structure: **intranets, websites, apps.**

TYPO3

Equipped with the basics, enhanced with specials

Did you ever face the problem of integrating any type of content?

- TYPO3 gives you the possibility to **add new and customized content types** tailored specifically to your needs.

All-in-one solution for streamlined content

Effortless Content Mastery

- **Redundancy-free content management** avoiding duplicated, outdated, or incorrect content.

- **Detailed overview of your digital presence** in the TYPO3 backend offers the flexibility to zoom out for a broader perspective or delve into detailed insights based on your preferences.

- **Flexible content structure** allowes you to combine a variety of content types, including standard text, images, third-party content, and custom content elements.
